

SUPERIOR

VIOLONCELLO

medium

SUPERIOR

The rich and powerful sound

The Superior Medium by Jargar Strings is soft and comfortable under both of your hands. The set is pure-sounding with a saturated, dark sound and great stability between registers. The first moment after winding up the strings, you will happily experience how projective and responsive the Superior set is. The sound is instantly warm, round, and enticingly powerful, especially on the G and C strings. The strings are exquisitely balanced with a richness of overtones, and they support full forte and deep piano colours.

STRING DETAILS

medium

A	Clear, noble, and resonant sound.	 	CARBON STEEL CORE JS700.032.1101
